

TT4030DS

New double sided, high volume printer

MADE FOR REAL 

Thermal transfer printer

TT4030DS, Double Sided

The TT4030DS is a high-performance printer for double-sided printing. This printer is perfect for double-sided printing on HellermannTyton shrinkable tubing. With two print heads mounted one on top of the other, the TT4030DS prints onto both sides of the material at the same time. High reliability and multiple peripherals enable applications and solutions tailored to specific customer requirements. It is easy to use thanks to its colour touchscreen display and clear status messages which can be shown in multiple languages. 300 dpi resolution ensures that barcodes, warning symbols, logos and text are as sharp as they can be.

Features and benefits

- High volume double sided printing
- Prints perfectly on HellermannTyton heat shrink ladder style products
- Colour touchscreen display
- Print resolution 300 dpi
- Print heating can be assigned separately to each print head
- Printing labels using only print head 2
- Optimized printing by ribbon saving option
- Multiple language selection
